

## Education

The UK Education sector can be a difficult sector to do business with, owing to its size and complexity. This means that those seeking to gain business traction in this sector can struggle to find their way into the marketplace, or contact the right person.

Luckily, Ingenium provides a highly segmented and searchable overview of the entire UK Public Sector Education landscape. Below, you can see the numbers of organisations and contacts Ingenium includes in different categories.

We can also break down our data by geography, employee size and a number of other categories. If you'd like to find out more, just get in touch.
